The book is divided into four sections, each of which explores a different aspect of Black culture:

- **The Body:** This section explores the ways in which Black people have used their bodies to express themselves, from dance and music to fashion and sports.

- **The Mind:** This section explores the intellectual and creative achievements of Black people, from literature and philosophy to science and technology.
- **The Spirit:** This section explores the spiritual traditions of Black people, from African religions to Christianity and Islam.
- **The Future:** This section explores the challenges and opportunities facing Black people in the 21st century.

The book's images are drawn from a variety of sources, including archives, museums, and private collections. They include iconic photographs of Black leaders, artists, and activists, as well as lesser-known images that capture the everyday lives of Black people. The result is a rich and multifaceted portrait of Black culture that is both visually stunning and intellectually stimulating.

Black Cool is a groundbreaking book that will change the way we think about Black culture. It is a must-read for anyone who wants to understand the history, the present, and the future of Blackness.
