In her latest book, internationally renowned artist and teacher Carla Sonheim shares her secrets for creating living portraits that capture the essence and spirit of her subjects. With over 30 years of experience teaching portrait painting, Sonheim has developed a unique approach that emphasizes the importance of understanding your subject's personality and emotions. In this book, she shares her insights and techniques, guiding readers through the process of creating a living portrait from start to finish.

The book is divided into three main sections. The first section, "The Foundation of Portrait Painting," covers the basics of portrait painting, including choosing the right materials, setting up your workspace, and understanding the principles of composition and color. The second section, "Capturing the Essence of Your Subject," explores the importance of understanding your subject's personality and emotions, and provides techniques for capturing their likeness and spirit in your painting. The third

section, "Bringing Your Portrait to Life," covers the technical aspects of painting a portrait, including how to mix and apply paint, create realistic skin tones, and add details that bring your subject to life.

Throughout the book, Sonheim shares her own insights and experiences, as well as the work of other great portrait painters. She also includes step-by-step demonstrations of her techniques, so that readers can follow along and learn how to create their own living portraits. Whether you are a beginner or an experienced artist, this book is a valuable resource that will help you take your portrait painting skills to the next level.
